
GUIDED TOUR AND COMMENTED TASTING

Our tour begins in the Wine Cellar, where we will take you through the history of our Farm, dating as far back as the 13th century.

Next, venture on a ride (Van/Jeep) along a short trail through the Farm, leading to Pombaline Landmark no. 82, one of many demarcating "Feitoria 1761".

After taking in the stunning landscape, we head to the "Teahouse", where the wine tasting awaits you.

This is typically a 90-minute tour, however, the time spent on each activity can vary – this always depends on the visitor, although the wine tasting location is usually where our guests stay the longest.
